

The supplied zip file contains the following PDF Export Presets:

For Perfect Bind and Dust Jacket Covers use:

- Cover_PerfectBind-DJ_PDF-Export.joboptions

For Case Bound Covers use:

- Cover_CaseBind_PDF-Export.joboptions

Text Pages and Coil Cover use:

- Text_NoBleed_PDF-Export_Preset.joboptions *
- Text_Bleed_PDF-Export_Preset.joboptions *

** Modify image compression settings as needed.*

Recommended Compression settings: *

- “Do Not Downsample” set to “NONE” or “ZIP” for books with moderate amount of Images. *(base setting for above)*
- “Do Not Downsample” set to JPEG with MAX Image Quality for book with heavy coverage of Images or when your final file size is 1 gigabyte or more, Yearbooks are a good example.

To “Import” the PDF presets go to the menu bar and choose:

- File > Adobe PDF Presets > Define > Load

Save and Export your file. Go to the menu bar and choose:

- File > Export > choose your job folder > Save
- Select the required Preset name base on your file from the drop-down window.
- Compression - change settings if required base on recommendations above *

That is, it! Next step > [Review and Upload](#) the pdf files you have created!

*We hope this helps, if you have any other questions,
please don't hesitate to contact your CSR at 301.362.0700*

*Not all design concepts will translate from a web view to the printed product.
Few examples are tight borders, small copy or very light tints.*
